

2010-11 ECEAP Outcomes Reporting Requirements

1. **End-of-Year Data Report** -- All ECEAP contractors will submit this one page report to DEL by June 30, 2011. The form is at:
www.del.wa.gov/publications/eceap/docs/EndYearDataReport.doc .
2. **e-DECA** -- DEL will obtain these results directly from Devereux. The DEL report will compare fall data (collected September through December) and spring data (collected March through June).

IMPORTANT: Make sure that any non-ECEAP children assessed using the DEL DECA license are coded as "NE" (not ECEAP) in the "*external ID*" field. This field is located on the Child Page right by the child's name. This is essential because it allows DEL to extricate your ECEAP measures for our outcomes reports. If you do not do this, DEL will request that you compile your ECEAP results.

3. **Teaching Strategies GOLD** -- DEL will obtain these results directly from Teaching Strategies, for ECEAP contractors using this tool. The DEL report will compare fall data (collected September through December) and spring data (collected March through June).

IMPORTANT: Once you have signed the release form, Teaching Strategies will activate a field in the Child Profile that will allow you to select "ECEAP" as the "Funding Source" for the ECEAP children.

DEL will not collect results from contractors using *Creative Curriculum Developmental Continuum* this year.

4. **Family Outcomes – Optional**

Collecting family outcomes is optional for the 2010-11 school year. Many contractors are choosing to do so, because the information is useful for them as well as the state. DEL has updated the instructions, and they are packaged with the English and Spanish family interview forms as well as a form to tabulate results. The forms are at:
